	Existing law, the Construction Management Education Sponsorship Act of 1991, establishes the Construction Management Education Account in the Contractors' License Fund for the purposes of construction management education. Under existing law, the funds in that account are available for expenditure upon appropriation by the Legislature. This bill would instead continuously appropriate the funds in the account for the purposes of that act.

AB 1982	Solorio	California YouthBuild program: funding and designation.	A-06/09/2008		
	Status:	06/16/2008-To inactive file on motion of Senator Correa.			
	Location:	06/16/2008-S INACTIVE FILE			
	Existing law establishes the California YouthBuild Program and authorizes the director of the Employment Development Department to make grants to eligible applicants, as provided, for specified purposes. Existing law also authorizes the director to contract with qualified nonprofit organizations to provide technical assistance to Youth Build programs. Existing law allows the department to accept proposals for funding from applicants who establish their eligibility, as provided, by submitting proof that they have been funded or designated as a federal YouthBuild program by the Department of Housing and Urban Development, and restricts the use of the term "YouthBuild" to programs funded pursuant to the California YouthBuild Program. This bill, in conformity with the federal YouthBuild Transition Act of 2005 that transferred the administration of the YouthBuild program from the Department of Housing and Urban Development to the Department of Labor, would revise those provisions that make reference to the Department of Housing and Urban Development to refer instead to the Department of Labor.

	Status:	05/24/2007-Hearing postponed by committee. (Refers to 7/3/2007 hearing)			
	Location:	05/24/2007-A HIGHER ED.			
	Existing law establishes the California Community Colleges under the administration of the Board of Governors of the California Community Colleges. Under existing law, the board of governors appoints a chief executive officer, known as the Chancellor of the California Community Colleges. Existing law establishes community college districts throughout the state, and authorizes them to provide instruction at community college campuses. Existing law establishes, and sets forth the mission of, the California Community Colleges Economic and Workforce Development Program as part of the responsibilities of the California Community Colleges. This bill would encourage the chancellor to authorize the establishment of a Public Sector Customer Service Academy, the purpose of which would be to provide training for state and local public agency employees in key areas of customer service and to equip these workers with skills that can be applied in the workplace. The bill would specify courses that would be offered at the academy. The bill would require the chancellor to undertake a study of the feasibility of establishing a Public Sector Professional Development Institute within the California Community Colleges Economic and Workforce Development Program. The bill would state the intent of the Legislature that the chancellor utilize existing resources to implement these provisions.
