CAROCP MEMBERSHIP

WELCOME BACK!

Welcome to the 2008-2009 school year. We are pleased to invite you to participate as an active member of the California Regional Occupational Centers and Programs (CAROCP), the state association representing ROCPs.

The mission of CAROCP is to promote and support ROCPs in providing exemplary career education, career development, and workforce preparation that contribute to students' academic and career success and to the economic development of California.

As the year begins, we encourage all of you to talk to other Career Technical Education colleagues across the state and encourage them to also become members of CAROCP. Please share with them some of the benefits of being CAROCP members such as:

- CAROCP is the only statewide association focused purely on issue and concerns of ROCPs
- CAROCP provides input on Education code, credentialing, and attendance accounting issues
- CAROCP provides student achievement and recognition programs
- CAROCP provides model curricula and curricula templates
- CAROCP provides staff development opportunities for all staff

The CAROCP State Association will continue to offer its members the benefits of professional representation on all issues related to Career Technical Education as well as effective legislative advocacy.

Your voice is important! We thank you for becoming a member and for supporting the mission of CAROCP. On behalf of the CAROCP Board of Directors, it is our pleasure to serve you.

Sincerely

Janet Harden, CAROCP President

CAROCP MEMBERSHIP

Welcome all new and returning CAROCP members!

The Membership committee would like to thank all of the ROCPs who have already turned in their institutional memberships. Keep up the good work! Our goal is to have all of them paid by November.

We need to continue working on recruiting new paying members as well as business memberships. In our future newsletters we will provide tips on how other ROCPs are recruiting to help give you ideas. Let's share all of the good things that are working out there!

CAROCP is the voice of CTE in California. Increasing our membership gives us a stronger voice. Keep up the good work and keep the memberships coming in!

Gillie Miller, Membership Chair
