July 2010

WE INVITE YOU TO BECOME A MEMBER OF CAROCP!

Welcome to the 2010-2011 school year. We are pleased to invite you to participate as an active member of the California Regional Occupational Centers and Programs (CAROCP), the state association representing ROCPs.

As a leader, my vision for CAROCP is to support its mission and develop new areas for future growth. Over the past year, CAROCP leadership has taken a proactive approach as leaders in career technical education. Working with other Career Technical Education Organizations the CTE Alliance has been formed. The CTE Alliance now includes seven CTE organizations, CACTE, CALCP, CAROCP, CATA, CBEA, CITEA, and CCOE. Together we are all working stronger and better as we unite our efforts to promote and support CTE courses and services for California students.

Over the past 41 years ROC/P's have seen many challenges and opportunities. As the year begins, we encourage all of you to talk to other Career Technical Education colleagues across the state and encourage them to also become members of CAROCP. Please share with them some of the benefits of being CAROCP members such as:

- **Professional Political and Legislative Advocacy**
- **CAROCP Connections Newsletter**
- **Quality Networking and Professional Development Opportunities**
- **Timely Legislative Alerts and Bill Tracking**
- **CAROCP Market Watch Bulletin**
- **Regional and Statewide Teacher and Student Recognition Awards**

The CAROCP State Association will continue to offer its members the benefits of professional representation on all issues related to Career Technical Education as well as effective legislative advocacy.

Your voice is important! We thank you for becoming a member and for supporting the mission of CAROCP. On behalf of the CAROCP Board of Directors, it is our pleasure to serve you.

Sincerely,

Dr. Irene Fujii

Dr. Irene Fujii
CAROCP President
